Monday morning at 8:30 o'clock we begin our great annual Factory Lots and clean-up sale. Splendid lots of merchandise, bought when factories were anxious to finish the season's business, and consequently at great savings, are here for this great sale. Countless excellent assortments of regular merchandise that must be sold to make room for even now rapidly arriving fall goods. We rigidly enforce the law of the store not to carry goods over from season to season, offering thousands of dollars worth of merchandise at less than what they actually cost to produce. All odd lines, all surplus stock and all broken lots at prices to move them this week.
